**AGENDA ITEM 7**

**SANDY TOWN COUNCIL**

**COMMITTEE:** Human Resources

**DATE:** 6 March 2017

**AUTHOR:** Town Clerk

**SUBJECT:** Social media

**1. Summary**

- 1.1 Sandy Town Council does not currently use social media directly. The Town Council does have an online presence in the form of its website, which it uses to publish statutory information, news items and all other council documentation. Members of the public can also contact the Council via the website messaging system.
- 1.2 A Member of Council does post information to social media sites, such as posters, if the Clerk or Council request that the information is shared on social media. This is done via a personal account and not a council account.
- 1.3 The Council has received queries from the public and Members of Council as to whether Sandy Town Council will be using social media in the future as an additional way of publishing information and some documents.
- 1.4 This report is meant as an introductory report on the matter for Members consideration. The purpose of the report is to allow Members to consider if Sandy Town Council needs its own social media site/s and whether the matter should be explored further.
- 1.5 There are various different types of social media which can be used to communicate with the public, including Facebook, Twitter and Instagram, among others. This report concentrates mainly on the potential of a Facebook account, although the risks and benefits detailed can be applied to all social media platforms.

**2. Use in Local Government**

- 2.1 It is estimated that 98% of the UK population are online and 59% have their own social media accounts. A 2014 Ofcom report noted that Facebook remained the default social networking site for almost all UK adults who interact with social media. Three in ten social media users also had a Twitter account.
- 2.2 People of all ages are now using the internet as a source of information, as a way of making connections, commenting on discussions, carrying out banking and completing online forms. This means that people are increasingly looking

for local government to provide information online across a variety of platforms. County, District and Unitary authorities use many social media platforms as part of their communication strategies. Town and Parish Councils are increasingly using social media as another tool to communicate and work with residents.

2.3 Facebook is the platform which is predominately used by local councils and should Sandy Town Council wish to create a social media presence it is recommended that a creation of a Facebook 'Page' would be the most appropriate method.

2.4 Cllr T Cole has gathered information on social media use by Town and Parish Councils within this Council's area as an example of those neighbouring Council's which are using social media.

Council	Facebook page	Facebook likes 22/03/16	Facebook likes 22/08/16	Facebook likes 22/01/17	Twitter feed	Twitter followers 22/01/17

### 3. Benefits of Social Media

3.1 The following potential benefits have been identified by other Councils who use social media:

- Greater connection with the community;
- Ability to connect with harder-to-reach groups;
- Ability to reach residents that do not use the Council website or read local magazines/papers;
- Real-time updates on emerging situations (i.e. as they happen);
- Heightened level of interactivity;
- Low cost in comparison with traditional forms of media;
- Enhanced transparency;
- Building a sense of belonging in a community;
- Help to publicise other organisations events and positive messages;
- Help to address and reduce social problems like vandalism or racism;

- Use to gather information from residents and conduct surveys and consultation.
- Fast reaction time for getting information into the public realm, as opposed to relying on press releases.

#### **4. Risks of Social Media**

4.1 As with any online activity there are risks associated with using social media, especially for organisations such as Councils. The following types of risk have been identified:

- Damage to the reputation of the council – This could be through postings/photographs of staff, members or third parties pretending to represent the council.
- Level of monitoring – The council would only monitor its social media sites during office hours.
- Increased work load in monitoring and posting on a social media site.
- Social media posts being hi-jacked or use of inappropriate language or off topic discussion.
- Virus or other malicious software infection – This could include infection from social media sites into councils' IT systems or hacking of council's social media accounts.
- Disclosure of confidential information or breach of data protection – Either deliberately or inadvertently through information/photos posted.
- Breach of Safeguarding – Either regarding children, young people and vulnerable adults who may use social media.
- Civil or criminal action relating to breaches of legislation.
- Breach of the code of conduct for members through inappropriate use.

#### **5. Risk Management**

5.1 If the Council created a Facebook account a series of Risk Management steps would need to be adopted to mitigate perceived risks in section 4. The following Risk Management steps could be taken;

- The councils' social media sites could be controlled and managed by appointed Members of Council and the Clerk as a named Communications Team. This small group would need to be fully aware of the risks and issues. All postings to a site would be done by this team only.
- The council has anti-virus protection on PCs, a fully backed up server and IT support.

- Facebook appears to be the most used and effective social media site by Towns and Parish Councils. The Council could limit its use of social media to one Facebook account.
- A Facebook site can be used for the purpose of sharing information in the same the Council's website does. The creation of a Sandy Town Council 'Page' would allow for the posting of information and images, but not commenting or interacting with other social media pages/users.
- Facebook can be restricted to block photographs and comments from other users to reduce the risk of inappropriate content being posted or libellous, offensive or defamatory posts.
- Where appropriate, the council could include a disclaimer on their social media sites which set out the parameters for use and control.
- The councils' social media sites will be monitored on a daily basis and actioned by relevant Member/Staff as necessary.
- Strong passwords must be used when creating social media sites and changed every regularly.
- Those using social media on behalf of the council must be aware of the safeguarding issue relating to vulnerable groups and are familiar with the advice and guidance provide by Central Bedfordshire Council.

### **6. Principles of Social Media Use**

6.1 If the Council is to consider creating a Facebook account, the following principles will need to be adhered to;

- The councils' use of social media must comply with the laws of libel, copyright and data protection.
- Social media content is subject to the same rules of fairness, openness and transparency as the councils' uses in all their communications.
- Social media should never be used in a way that breaches any of the councils' other policies.
- During times of major incident, emergency or crisis, social media should be employed as a key tool for keeping communities informed.
- Social media use by the council should concentrate on facts. The councils' official social media site will not be used for political gain or campaigning.
- The council must be aware of safeguarding issues regarding children and vulnerable adults when using social media.

- The council must be aware of potential problems like cyber-bullying and other online anti-social behaviour.
- If a site is open to comments when dealing with errors or controversial comments about them, the council should not remove criticism unless it contains swear words etc. Instead, responses will concentrate on correcting factual errors and responding to legitimate criticism.
- If a site is open to comments derogatory or offensive comments must be removed from official council social media sites.
- Personal details like home addresses or personal phone numbers must not be given out on the councils' social media sites.
- Photos of people must only be used when all individuals pictured have given permission, in advance.

## **7. Potential Content**

- Non-political and non biased factual information
- Photos and film as well as text
- Council activity-meetings and minutes
- Public consultations
- Local news
- Grant Funding news
- Resident Polls/Surveys
- Re-posts of relevant information from other organisations
- Re-post of Central Bedfordshire Council Messages
- Urgent issues – local flooding, road closures

## **8. Recommendation**

If Members of the Committee feel that there are benefits to creating a Council Facebook page the following steps will need to be taken:

- 1) Full consideration on the risks and legal considerations;
- 2) Developing and agreeing a social media policy, including best practice, risk management.
- 3) Agreeing guidance on social media content;
- 4) Agreeing responsibility for the management of social media account and providing any necessary training.

**AGENDA ITEM 8**

**SANDY TOWN COUNCIL**

**COMMITTEE:** Human Resources

**DATE:** 6 March 2017

**AUTHOR:** Town Clerk

**SUBJECT:** Recruitment Policy

**Summary**

To consider recommending a proposed recruitment policy to Police, Finance and Resources committee for review and adoption by Council.

The purpose of the policy is to offer clear guidance on any future recruitment.

**Proposed Recruitment Policy for Sandy Town Council**

**Policy**

This policy outlines the recruitment and selection process of Sandy Town Council. The Council is an Equal Opportunity Employer and will always seek to recruit the person most suited to the job in question, irrespective of Age, Disability, Gender Reassignment, Race, Religion or Belief, Sex, Sexual Orientation, Marriage and Civil Partnership or Pregnancy and Maternity. Those involved in the recruitment process must be aware of the Council's Equal Opportunities, Equality and Diversity and Data Protection Policies. Any queries should be addressed to the Town Clerk.

**1. Definition of terms**

**Job Description**

- 1.1 A job description sets out the main purpose of the job and how it fits into the organisational structure and objectives of the Council. It contains the principle accountabilities of the job, outlines the context of the position and contains other relevant information. It forms the basis for pre-selection and the formation of the person specification.
- 1.2 The job description should be reviewed regularly with the employee and updated to reflect changing needs. The best time to do this is as part of the performance management process.

## **Person Specification**

- 1.3 A person specification defines the attributes, knowledge, skills, experience and qualifications required to fulfil the role. It is compiled from the job description. The elements contained within the person specification will be on the basis of job requirements. Job requirements that affect certain individuals more than others or that restrict the opportunities open to certain groups more than others will only be those that are necessary for the effective performance of the job and can be objectively justified.

## **Interview**

- 1.4 A discussion process between interviewer(s) and candidate for the purpose of assessing whether the candidate is interested in the job and capable of doing it. The interview is structured around key criteria for the job, this is likely to be a combination of technical and behavioural areas. At the interview there will be an opportunity to explain the responsibilities of the job and to promote the Council.

## **2. Equal Opportunities within Recruitment and Selection**

- 2.1 Every possible step is taken to ensure that individuals are treated equally and fairly and that decisions on recruitment, selection and promotion are based solely on objective and job related criteria. Recruitment must be undertaken in accordance with the Equal Opportunities Policy, so that there is no unlawful discrimination.
- 2.2 It is currently unlawful to discriminate against a person on grounds of age, sex, race, disability, sexual orientation or religion or belief:
- In the arrangements made for offering a job
  - In the terms on which employment is offered
  - By refusing to offer, or deliberately not offering a person employment
- 2.3 It is also unlawful to discriminate against a part-time employee by giving them less favourable terms than a comparable full-time employee.

## **3. Monitoring and Positive Action**

- 3.1 All selection criteria and interview records must be retained for at least 12 months in order to demonstrate a fair and consistent process was followed. The composition of the workforce and of job applicants are monitored on a yearly basis, if inequalities become apparent, positive action, within the parameters of existing legislation and the resources of the Council, is taken to

redress the imbalance. Such measures include encouraging under-represented groups to apply for vacancies.

- 3.2 Selection is based on skills and/or qualifications and the demonstrated or assessed ability to perform within the post. It is accepted that an applicant with a disability may need reasonable adjustments to be made for their full employment potential to be realised and this does not adversely affect the individual's opportunity to be recruited or promoted.

#### **4. Recruitment Procedure**

- 4.1 This procedure provides guidelines for recruitment and should be followed once it is established that recruitment is necessary.
- 4.2 Prior to beginning the recruitment process the Town Clerk will review the job description for the vacancy. If it is a new position or the job content has changed, then a new job description should be drawn up.
- 4.3 The Town Clerk should identify the essential characteristics required for the successful candidate, using the person specification. The Person Specification identifies key skills, qualifications, experience, competencies and any other relevant information necessary for the job.
- 4.4 The inclusion of unnecessary/marginal requirements can lead to discrimination, as can blanket exclusions. Any health requirements must be justifiable.
- 4.5 Only put in what is genuinely required for the job and be as clear and as specific as possible.
- 4.3 Consideration should be given to allowing the work to be done as a job share or part time hours.
- 4.4 All vacancies should be advertised internally and externally at the same time. The Human Resources Committee must approve any vacancy prior to this being advertised.

#### **5. Planning the Recruitment Process**

- 5.1 Once the job description and the person specification are complete the recruitment process needs to be planned. Realistic timescales should be considered when drawing up the plan.
- 5.2 If the vacancy is for the Town Clerk, the Human Resources Committee must form part of the recruitment and selection panel.
- 5.3 In all other instances the Chair of Human Resources, Town Clerk and an appropriate work colleague e.g. another manager or an appropriate person in that department can complete this process.

**6. Administration**

6.1 Where appropriate, depending on whether a recruitment agency is used or not, a job pack should be sent to each potential candidate. This should include:

- Cover Letter
- Job description
- Person specification
- Equal opportunities form
- Application form

6.2 The Town Clerk must ensure that all candidates are kept informed as to the status of their application in a timely manner. Applicants should be given the opportunity to declare whether they have a disability and whether they would require any reasonable adjustment(s) to be made to the interview process.

**7. Recruitment**

7.1 Recruitment should be carefully targeted to attract applicants most likely to meet the job requirements. It may include the use of recruitment agencies, job centres, advertising in colleges, local newspaper advertising, etc.

7.2 Where a recruitment agency is not used, applicants should apply by application form. CV's are only acceptable if accompanied by an application form. A clear deadline for receipt of all applications should be set.

7.3 In some circumstances, it will be necessary to make a reasonable adjustment in relation to a disabled applicant's application.

**8. Short listing Procedure**

8.1 Once the deadline for all applications has passed a short-listing panel will assess all applicants against the person specification. Each member of the panel will independently assess each applicant and shortlist those who meet the specification.

8.2 The panel will then discuss their own short lists and come to agreement about the definitive shortlist.

8.3 Shortlisted candidates are then invited to interview.

**9. Interviews**

9.1 Interviews should be structured around the job description and a record of the discussion is made. It is also an opportunity for the candidate to ask about the position and the Council. A minimum of three persons will conduct the interviews.

9.2 Individuals should be assessed against the person specification. The short listing form can be amended for this purpose and a weighting system used. It is important that all assessments are made against existing evidence.

9.3 Members of the interview panel will also have been members of the shortlisting panel.

**10. Qualification Check**

10.1 If required, original certificates are requested at interview together with a copy for the Council' records.

**11. Evaluation Session**

11.1 At the end of the selection process the interviewer(s) evaluate all assessment information gathered on each candidate. Candidate results are considered against the person specification for the position. The evaluation process is objective and structured in order to identify the most suitable candidate for the position.

**12. Unsuccessful Applicants**

12.1 Where the post has been advertised, all candidates receive a letter or telephone call informing them of the decision not to appoint them. For candidates who performed well their details may be kept on the files for future vacancies if they consent to this.

12.2 The Town Clerk can provide constructive feedback via the telephone if requested by an applicant.

**13. The Successful Applicant**

13.1 The Town Clerk will decide on the detail of the offer for any employee other than the Town Clerk. The terms and conditions offered should not discriminate against any individual.

13.2 In the case of the Town Clerk the interview panel will decide the offer.

13.3 An offer of appointment may be made verbally following the interviews but by authorised personnel only (normally the town clerk) and must be confirmed in writing by the Town Clerk.

**14. Making the Offer**

14.1 A conditional offer letter is prepared clearly outlining the terms and conditions of the proposed employment. This offer is subject to satisfactory qualifications, references and right to work in Great Britain. The successful applicant is made aware of these conditions.

- 14.2 The Council will seek employer references and where relevant, verify qualifications (if not available at interview) before the offer of employment is confirmed.
- 14.3 All candidates will be asked to provide evidence of entitlement to work in the United Kingdom.
- 14.4 When satisfactory responses are received for qualifications, right to work and references the successful candidate is given a formal contract of employment. If unsatisfactory responses are received the offer of employment is reconsidered.

**15. Induction**

- 15.1 Induction of new employees is essential. This includes basic induction of terms and conditions of employment, information about the Council, Council policies and procedures
